Opportunity for Growth at Job Corps

Currently we are looking for someone who wants to make an impact in a young adults life. If this is your passion we have an opportunity that may be what you are looking for. Currently we are seeking an **Electrical Instructor** to join our team to prepare and challenge our students for the next chapter in their life. We encourage you to review this information and check out our link at the bottom where you can submit your resume for this position.

What is Job Corps and how can you make a difference?

Be a part of making a difference in a young person's life. Utilize your creativity and enthusiasm to create and deliver engaging and informative lessons, and hands on experiences. Model, Mentor, and Monitor young people between the ages of 16 -24 and help empower them to shape their future, secure a career in the trade of their choice, and become independent.

Job Corps is administered by the U. S. Department of Labor and is the largest nationwide residential career training program in the country and has been operating for more than 50 years. The program is voluntary and helps eligible young people ages 16 through 24 complete their high school education, trains them for meaningful careers, and assists them with obtaining employment. Job Corps has trained and educated over two million individuals since 1964.

At Job Corps, students have access to room and board while they learn skills in specific training areas for up to three years. In addition to helping students complete their education, obtain career technical skills and gain employment, Job Corps also provides transitional support services, such as help finding employment, housing, child care, and transportation. Job Corps graduates either enter the workforce or an apprenticeship, go on to higher education, or join the military.
