

The appearance of a community is crucial to its economic development.

Downtown Indiana, Indiana Borough, Indiana University of Pennsylvania, Indiana County Commissioners and several other community partners are currently moving forward with a series of main street, neighborhood, and pedestrian/vehicular thoroughfare concepts that will vastly improve the safety and livability of our community. This revitalization effort is moving forward as Indiana University of Pennsylvania is aggressively advancing its campus residential master plan and the Kovalchick Convention and Athletic Complex.

Summary of Improvements

- *Storm drainage improvements*
- *Underground conduits for electric, telephone and internet*
- *Historic street lighting*
- *Traffic signalization with historic-style poles*
- *Sidewalks & crosswalks with decorative paving patterns*
- *Pedestrian access ramps*
- *Street milling, resurfacing, traffic signage and striping*
- *Street furnishings including benches & trash receptacles*

Generations of Indiana residents and families share memories of this special place - Downtown. Turn your memories into something real - something to see, touch, and enjoy for generations. Downtown Indiana, Inc. is offering a unique opportunity to commemorate the past while investing in our future. By dedicating a decorative street light, street tree, bench, trash receptacle or brick, your tax-deductible contribution will reserve your share of a project that is both worthwhile and enduring. Please take advantage of this opportunity to become a lasting part of Indiana's future!

A Legacy for Tomorrow
